

2022 Dolphin Scholar Edition

Congratulations to our 2022 Scholars! This year we are excited to announce that we have chosen a total of 38 new Dolphin Scholars which include one USS Colorado (SSN 788) Scholar, one USS Indiana (SSN 789) Diane Donald Scholar, two USS Hampton (SSN 767) Scholars, and three USS Nautilus (SSN 571/SS 168) Scholars. All were selected not solely on their academic achievement, but also on extracurricular activities, job experience, involvement in the community, references and essays.

As always, the task of selecting the recipients was challenging as all 135 eligible candidates were well qualified for the scholarship. We wish all our new scholars success in their academic careers.

Our selection committee this year was comprised of both civilians and military members of the submarine community. These members included: Mrs. Cindy Giambastiani - former DSF Chairperson, Dr. Jane Grenfell Duffey - Daughter of DSF founder, Martha Grenfell, Ms. Cathleen Connelly - 1975 Dolphin Scholar, Mr. Charles Young, II - 1989 Dolphin Scholar, CMDCM(SS) Nicholas A. Green, USN - COMSUBRON 11 CMC, FORCM(SS) Steven W. Bosco, USN, - CSL Force Master Chief, Mrs. Gretchen Juergens - educator and COMSUBRON 6 Commodore spouse, and LT SC Lamont Tankley, USN (Ret.) - VA Mental Health Counselor.

We greatly appreciate all the time and care the committee took in selecting our new scholars!

Revised Mission Statement

At the June Board of Directors Meeting, the Board of Directors unanimously adopted a revised mission statement. The new statement provides a better explanation of DSF's purpose and intent but does not change the work we do or the foundation's focus, which is the children and spouses of the submarine community. The new mission statement is as follows:

The Dolphin Scholarship Foundation (DSF) believes that enhancement of both human potential and quality of life is achievable through education. Many sons, daughters, and spouses of U.S. Navy submariners face financial obstacles while pursuing undergraduate and vocational education. DSF is committed to minimizing those obstacles by assisting them in reaching their fullest potential.

- Submarine Spouse Group Highlights

Hello DSF Family!

I hope that everyone is having a wonderful, fun filled summer!

I want to take a moment to address a perception that I have encountered from time to time when talking with fellow submariners and submarine community spouse groups. The perception that I am speaking of is that some members our

community believe that the Dolphin Scholarship Program is only for or gives preference to the children and spouses of submarine officers. I want to officially go on the record as saying that it could not be further from the truth, and if it were true, this retired senior chief submariner would have no part of it.

The only role that sponsors serve in the Dolphin Scholarship application process, whether they be officer or enlisted, is to establish eligibility for the applicant to apply for the scholarship. The scholar selection process is blind. Once the scholarship application is complete it is redacted of the names of the applicant and his/her sponsor, and any other identifying information before presentation to the scholar selection committee for scoring. Scholarship applications are evaluated in the areas of academic performance, references, essay, extracurricular activities, work experience, and community involvement.

For many years now, our scholar selection committees have included active-duty senior enlisted leaders throughout the submarine community. I am sure that they can attest to my claim, and I urge them to assist me in busting this myth by getting the word out to the enlisted submarine community. Although the ratio of officer versus enlisted sponsored scholarship recipients varies from year to year, data compiled over the last 38 years reflect a nearly fifty/fifty split between officer and enlisted sponsored scholarship recipients. The 2022 Dolphin Scholar Selection Profile on the following page is reflective of this.

I am speaking directly to the enlisted submarine community when I say do not let false rumors discourage you from applying for the Dolphin Scholarship. Doing so would only deprive your children or spouse of a fantastic opportunity to achieve their educational goals with less financial burden.

The Dolphin Scholarship Foundation is here to serve the “entire” submarine community. The Dolphin Scholarship online application opens on October 1 and closes on March 15 each year. October is only a few months away, so now is the time to start gathering the information needed to apply such as the sponsor’s history of duty assignments for a minimum 8-year period, or 10-year period for non-submarine designated personnel who served in submarine support assignments, copy 4 of the DD214, proof of dependency, and high school/college transcripts etc. For additional scholarship information please visit the DSF website at <https://dolphinscholarship.org/scholarships/>

Please help spread the word about the Dolphin Scholarship Program. I wish you all the best!

Scholarship Updates

USS Delaware (SSN 791) and State of Delaware Scholarship Endowments

On April 2, 2022, the commemorative commissioning ceremony for USS Delaware (SSN 791) took place in Wilmington, DE. First Lady Dr. Jill Biden, Sponsor of the USS Delaware as well as many other distinguished guests were in attendance. At this event, the USS Delaware Commissioning Committee presented DSF board member and Navy League - Hampton Roads President, Ms. Maryellen Baldwin, an endowment to establish the USS Delaware (SSN 791) Scholarship to be administered by DSF.

Shortly thereafter, DSF was approached by the State of Delaware to establish a second scholarship endowment. These two scholarships are our 57th and 58th endowments and will help increase the number of scholarships we are able to award each year.

Haines Society Scholarship

The Haines Society Scholarship is a named scholarship funded by former Dolphin Scholars. Scholars from every decade of DSF's existence have contributed to this fund in large and small amounts. They recognize the impact that a Dolphin Scholarship had on their lives and want to give that gift to the next generation. This year's Haines Society Scholarship recipient is:

Helen Lohr

Helen is a sophomore at Auburn University majoring in Mechanical Engineering. "Dolphin Scholarship represents my part in my family's Submarine service tradition. As a Dolphin Scholar, I am able to fully pursue an enriching education that will carry me on a path to Naval service."

Thank you to our Former Dolphin Scholars for Making This Scholarship Possible.

USS Scorpion (SSN 589) Endowment Drive

On March 3, 2022, DSF launched the USS Scorpion (SSN 589) Scholarship Endowment Drive. In anticipation of the 55th anniversary in 2023, this scholarship would be a lasting tribute to USS Scorpion officers and crew lost on May 22, 1968. A lead donation made by an anonymous donor kicked off the drive with \$17,500. The donor agreed to match the remaining required funds for a full endowment up to \$35,000. Memorial levels were suggested, but all donations large and small are accepted. The memorial levels are:

Remember the Year: \$19.68

Mark the passage of time: \$55.00

Honor the souls lost onboard: \$99.00

Tribute to USS Scorpion (SSN 589): \$589.00

If you would like to contribute to the endowment fund, donations can be made online at <https://givedirect.org/dolphinscholarship/scorpion> or mail a check with the form on the last page of this newsletter to DSF: 4966 Euclid Rd, Ste 109, Virginia Beach, VA 23462.

Submarine Spouse Groups - Impressive Contributions to DSF

Total Spouse Group Contributions: \$160,536.58

Number of 2022-2023 Scholarships Funded: 46

For many years, from port to port, Submarine Spouse Groups have provided substantial impacts to Dolphin Scholarship Foundation. These dedicated volunteers organize, plan, and execute auctions, virtual runs, and staff Dolphin Stores all in the name of raising money to donate to DSF. These donations allow us to grant more scholarships to the children and spouses of the Submarine Force. We appreciate their efforts to help us continue to provide scholarships for so many students.

Special Thanks to the Auction Chairs, Race Director, Dolphin Store Managers and their dedicated teams who make these events happen.

MISSION STATEMENT

The Dolphin Scholarship Foundation (DSF) believes that enhancement of both human potential and quality of life is achievable through education. Many sons, daughters, and spouses of U.S. Navy submariners face financial obstacles while pursuing undergraduate and vocational education. DSF is committed to minimizing those obstacles by assisting them in reaching their fullest potential.

VISION STATEMENT

We envision Dolphin Scholarship Foundation to continue to be the premier military scholarship program of the United States, as evidenced by our professional management, successful fundraising efforts and continued increasing numbers and amounts of Dolphin Scholarships awarded to dependents of the Submarine Force.

Through teamwork by staff and board members, we will assertively seek donations from businesses, submariners (active and retired), submarine spouse organizations, and others whose philanthropic interests are in line with the DSF mission.

CORE VALUES

Dolphin Scholarship Foundation will be guided by the principles of fiscal integrity and accountability, confidentiality of personal information, professional business practices and behavior, and responsible customer service to our students, parents, submariners and donors.
